# Installation Guide

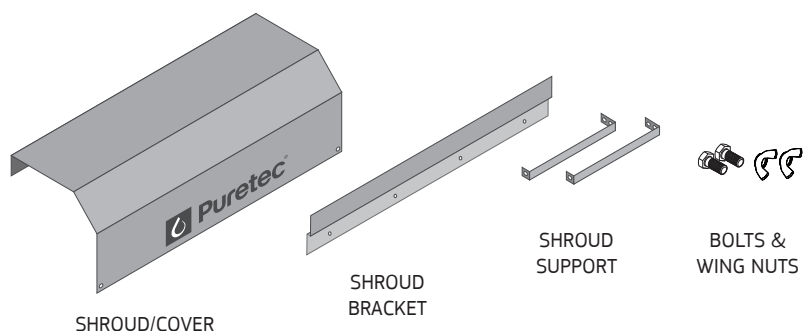

Puretec Protective Shroud/Cover for RI Series

For correct operation & installation it is essential to observe these instructions.

## Preparation

This Puretec display stand comes packaged and will need to be assembled per instructions below. Please follow instructions carefully.

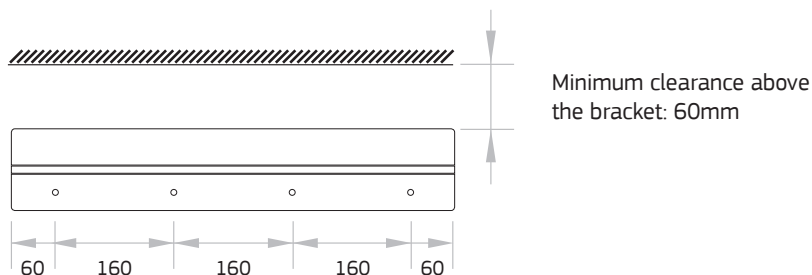

*Note: Shroud/cover assembly consists of a shroud/cover and a wall bracket. The kit includes:*

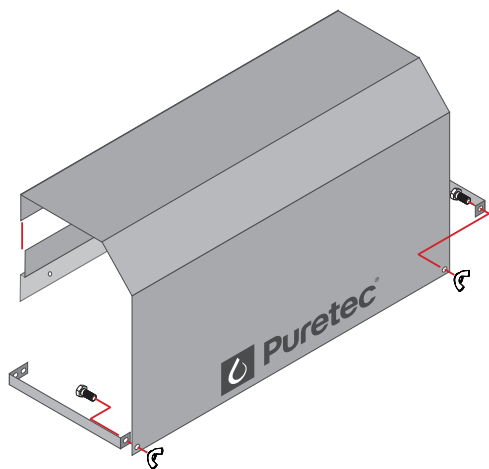

### Step 1 Attaching bracket to wall

Using a level to ensure that the bracket is straight, secure the bracket to the wall. Be sure to use the appropriate wall anchors for attaching the bracket. Use all four screw holes for maximum integrity and safety. Be sure that the slot feature is at the top.

*Caution: Installation must be done by a qualified person using safe rigging standards. The installer is responsible for proper selection and use of mounting hardware, to properly and safely wall mount the brackets.*

## Step 2 Installing the shroud/cover

Slide the shroud/cover to the bracket.

Install the shroud supports with the provided bolts and wing nuts.

## Step 3 Securing the shroud supports

With the shroud support properly positioned, mark the two holes on each support. Secure the shroud support to the wall with an appropriate wall anchor. Use the two screw holes for maximum integrity and safety.

Hardware for attaching the shroud support to wall is not included.
