

Model:	A	B	(Depth)
<b>WH1-30</b>	185 mm	435 mm	200 mm
<b>WH1-60</b>	185 mm	700 mm	200 mm

**GENERAL INFO**

**DESIGNED FOR MAINS/TOWN WATER**

**Whole House Single Water Filter Systems**

Enjoy purified water at every outlet in the house. These systems are designed for mains water supplies reducing chlorine, taste & odour, chemicals and sediment in your water for the budget-conscious householder, giving good general purpose filtration.

This system protects and prolongs life of appliances throughout your home and features long-life filter cartridges. It operates on low pressure which is important when multiple taps are used simultaneously throughout the day.

The Puretec WH Series is a logical choice for people concerned about sediment and chemicals in drinking water or when showering and will improve quality of life. The system provides spring-like quality water throughout the house and is affordable for all.

The Puretec WH1 Series systems are designed for the budget-conscious householder, giving good general purpose filtration. These systems do not require power to operate, and are very easy to maintain, just replace the filter cartridge every 6-12 months or when the taste and odour returns.
