GENERAL INFO

DESIGNED FOR RAINWATER SUPPLIES

Undersink Water Filter System with High Loop Faucet

The Puretec Ecotrol™ ES2 Series is designed for alternative water supplies. It turns your rain or bore water into safe, delicious, great tasting water for cooking and drinking.

It uses ceramic cartridge technology to physically filter harmful bacteria (E. Coli, Shigella, Salmonella, Klebsiella, Cholera), lead, chlorine taste & odour, turbidity and sediment down to 0.2 micron. The cartridge is silver impregnated to prevent bacterial growth.

This economical filter system will easily fit under your existing kitchen bench. The system includes a dedicated filter faucet and standard plumbing fittings for easy installation

SPECIFICATIONS

Model:	ES2
Micron Rating:	0.2 micron
Replacement Cartridge:	
Sediment Removal	PL011
Taste & Odour Removal	CE941
Max Flow:	4 Lpm
Max Temp:	52°C
