GENERAL INFO

DESIGNED FOR RAINWATER SUPPLIES

Undersink UV Water Filter System with High Loop Faucet

The Puretec ESR2 Series is designed to provide safe and healthy water. This system kills bacteria using Radfire™ Ultraviolet Technology, a natural process of water purification that is eco-friendly and chemical free to provide safe, healthy and great tasting water every time. Kills bacteria using UV technology to provide safe, healthy and great tasting.

SPECIFICATIONS

Model:	ESR2
Replacement Parts and Cartridges:	
Sediment Removal:	PL051
Taste & Odour Removal:	MC011-S
Lamp:	Puretec RL2
Maximum Temperature:	52°C
Maximum Flow:	8 litres per minute
Maximum Pressure:	500* kPa
System Dimensions:	355 x 375 x 140 mm
Required hole for the tap:	12.5 mm diameter
Warranty:	3 years^

Important Note Use only genuine Puretec replacement cartridge. ^3 year warranty is 2 years parts, 1 year parts and labour, excludes cartridge. *Where line pressure exceeds 500 kPa, an approved pressure limiting device must be installed to comply with Australian & New Zealand Plumbing Standards. (Ref: AS/NZS 3500.1:2021, Clause 3.3.4).

FEATURES & BENEFITS

- Quick and easy installation.
- Turns your rainwater into pure, safe, delicious and healthy drinking water anytime!
- Designed for alternative water supplies.
- Uses Radfire™ Ultraviolet Technology, a natural process of water purification that is eco-friendly and chemical free.
- Removes 99.9% bacteria.
- Automatic, energy efficient.
- Heavy duty construction and low maintenance.
- 3 Year Warranty^

ADDITIONAL INFORMATION

Easy Home or Workplace Installation

The Puretec Ecotrol™ ESR2 Series filter system will easily fit under your existing kitchen bench. All plumbing fittings are included for easy installation.

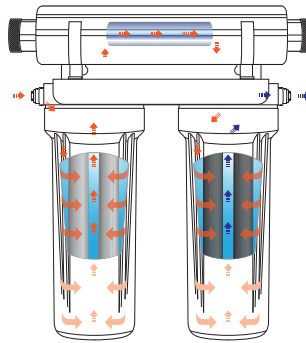

Advanced Filtration Technology

Puretec Ecotrol™ ESR2 Series system incorporates the most advanced filtration technology. It uses Radfire UV technology to kill bacteria, a washable sediment filter cartridge, a silver impregnated cartridge to remove bad taste, odour and prevents bacterial growth. The Radfire™ Ultraviolet Technology is a natural process of water purification that is eco-friendly and chemical free. Heavy duty construction allowing more flow with less pressure, making it a better option where there is more usage or very dirty water.

Longer Filter Life

The Ecotrol™ ESR2 Series incorporates Puretec's long life filter technology, so you can go longer between filter replacements, and comes with our **3 Year Platinum Protection Warranty**^.

ESR2 FILTRATION TECHNOLOGY

Stage 1

- Removes the finest particles.
- Clarifies the water.
- Removes sediment, rust, sand, silt & algae.

Stage 2

- Kills harmful microorganisms including E. coli, Cryptosporidium and Giardia cysts.

Stage 3

- Physically filters harmful bacteria.
- Silver impregnated to prevent bacterial growth.
- Removes bad taste and odour.
