

Z1 Filter

TRIPLA-T6

GENERAL INFO

DESIGNED FOR MAINS WATER

Quick-Twist Under Sink Filter With Tripla T6 LED 3-Way Mixer Tap

The Z1-T6 'tap & filter' package incorporates the latest Z1 filtration technology and the Tripla triple-action tap all-in-one system.

The Puretec Z1 reduces chlorine, taste, odour, chemicals, sediment and cysts, leaving all vital minerals. This innovative filter is easy to install, mounts horizontally or vertically and valve-in-head technology means the water supply is automatically cut off when you change the cartridge. The Z1 can be as easily replaced as changing a light globe!

The Tripla 3-in-1 mixer tap gives you hot, cold, filtered/or rainwater water, all from just one mixer. The filtered and unfiltered water have completely separate lines inside these taps which means there is no cross contamination between filtered and unfiltered water.

Enjoy water the way it should be, abundant, clear and beautiful tasting from your own water supply, any time of the day.

SPECIFICATIONS

Model:	Z1-T6
Filtration System:	Ultra Z Filtration
Replacement Cartridge:	Z1-R
Mixer Tap Style:	3-Way LED Mixer Tap
Mixer Tap Model	TRIPLA-T6
WELS 5 Star Rated	5 Litres/Minute
Outlets:	Hot / Cold & Separately Filtered

Puretec Ultra Z Filter Systems Warranty is 1 year parts and labour, plus 9 years parts only and applies to Puretec Systems when used in conjunction with a Puretec filter cartridge. Excludes cartridges.*

ADDITIONAL INFORMATION

Clean Sleek Mixer Tap

The clean sleek lines of the Tripla T6 have created a minimalistic tap that whilst providing the practicality of lots of clearance for jugs and washing up, it still complements any modern kitchen décor. The handle with the neatly integrated LED light can be easily turned to operate the filtered water and when the filter is due to be replaced the light turns from blue to red. As with all Puretec Tripla taps there is no mixing of filtered and unfiltered water.

Hygienic Cartridge Change

Valve-in-head means no mess, the Z1 quick-twist cartridge can be easily replaced - just like changing a light globe. Enjoy water the way it should be, abundant, clear and beautiful tasting from your own water supply, any time of the day.
