GENERAL INFO

DESIGNED FOR FOOD SERVICE

High Flow RO System with variable bypass, for normal water supply.

When only the purest water will do, reverse osmosis, a filtration process for high purity water is the answer. The ultra fine membrane operates by rejecting impurities and flushing them out to drain.

This system effectively eliminates 98% of all dissolved impurities, heavy metals, salts, viruses, bacteria, cysts, fluoride, chlorine, taste, odour, and chemicals. Only pure, sparkling clear water from your own water supply is left for your health, safety and peace of mind.

The CO-R03 incorporates reverse osmosis with modular filter heads and interchangeable cartridges for a wide range of applications and water qualities.

SPECIFICATIONS

Model:	CO-R03
Cartridges	
Sediment Reduction:	CO-S150
Hardness, Taste & Odour Reduction:	CO-T150
Scale Reduction & Mineral Retention:	CO-B150
Membrane:	RET3012-500
Min/Max Temperature:	4 - 38°C
Min/Max Pressure:	300 - 875 kPa
Maximum Inlet TDS:	2,000 mg/L
Maximum Hardness: (For higher hardness see CO-R04)	150 ppm
Connection:	3/8" Tube
Warranty:	3 years[^]

Important Note Use only genuine Puretec replacement cartridge. [^]3 year warranty is 1 year parts & labour, plus 2 years parts only.

FEATURES & BENEFITS

- Adaptable TDS levels as well as flow rate thanks to its unique adjustable bypass.
- 0.0005 micron rating for 98% removal of impurities.
- Fluoride, chloride, salt, sodium, calcium reduction.
- No bacteria buildup through integrated flushing.
- Pure, safe water at your fingertips.
- Simple installation kit with optional pressure tank.
- All-in-one modular kit with interchangeable cartridges.

KIT INCLUDES

- RO system, plumbing kit, auto shut-off valve
- Membrane
- Cartridges
- Spanner wrench
- Dual TDS Meter
- Aluminum bracket with modular filter heads

ADDITIONAL INFORMATION

The latest in Reverse Osmosis, a filtration process for high purity water. The ultra fine membrane operates by rejecting impurities and flushing them out to drain. This effectively eliminates 98% of all dissolved impurities, heavy metals, salts, viruses, bacteria, cysts, fluoride & chloride, chlorine, taste, odour, and chemicals. Only pure, sparkling clear water from your own water supply is left for your machine longevity and precise taste profiles.

Easy Installation

This premium filter system easily mounts on vertical surfaces or fits under existing benches. All plumbing fittings are included for easy installation.

Longer Filter Life

The CO-RO3 incorporates Puretec's long life filter technology, so you can go longer between filter replacements, and comes with our **3 Year Platinum Protection Warranty**[^].
